PRIVACY POLICY FOR ELCOWIRE GROUP

Elcowire Group believes that your personal data belongs to you. We aim to respect and process your personal data with due care at all times and will process and store personal data only for as long as is necessary for the purposes that applied when collecting the data and to comply with legal obligations, resolve disputes and enforce contracts.

The purpose of this policy is to inform you of the types of personal data we collect. This policy and its principles apply to personal data collected for legitimate business purposes, including entering into and performing business contracts with you, or the company you work for, or marketing Elcowire Group and its services and products, or as otherwise permitted or required by law.

The following are examples of business purposes pursued by Elcowire Group:

- to deliver professional services and products, planning of work and allocation of resources;
- to conduct business planning and development, strategical reviews and statistical evaluation;
- to issue and process invoices and payments;
- to maintain a safe, secure and efficient use of internal information, ensure that business critical information and other assets are safe and protected;
- to investigate and prevent fraud, misconduct, infringements or other violations of legal rights and obligations;
- to manage disputes and complaints, i.e. compensation claims, and to ensure compliance with legal obligations.

The personal data that may be collected include:

- Basic personal information, such as name, address, e-mail address, phone number, title or position;
- Company information, such as details on the company you work for, including financial information, and other business related information related to your or your company's business interactions with Elcowire Group;

Personal data is not shared with any third parties, and when being processed electronically it is done on servers located in EU/EEA. We aim to process personal data that is adequate, relevant and not excessive in relation to the purpose for which it has been collected.
